“ Stephen M Ray will be missed but never forgotten , He was my brother and best friend. When I was told my brother had passed it hit me like a ton of bricks , I feel lost and hurt but Stephen spirit has kept my head up and made me stronger than ever. We must rejoice and remember him for all the good he brought us. He would not want us mourning any longer but celebrating his great accomplishments in life. He was the most honest hard working person I ever knew as he made a great role model for me to emulate. We shared many common interest and shared the gift of motorcycles and cars our whole lives. I don't now how I will get by knowing he is gone but in my heart I know he is still with me and will be for the rest of my life, I love you Stephen I will be there with you when my days end and our family will live on into eternity. Lord please take care of Stephen , He was the last of the goodness here on Earth, They just don't make them as good as him any longer. I feel like I haven't said enough but everyone knows Stephen deserves the best for he always tried to make everyone feel wanted and needed. God bless his soul and Lord take him under your wing to the place he always deserved in heaven. Good by Stephen we all love you!
